To Our Shareholders:

Akihiro Teramachi
Representative Director and President
THK CO., LTD.

Dear Shareholders:

We would like to take this opportunity to express our deep gratitude for your support.

It gives us great pleasure to inform you that the 53rd Ordinary General Meeting of Shareholders of THK CO., LTD. (the “Company”), will be held as outlined below.

With a view toward materializing medium- to long-term growth and enhanced corporate value, the THK Group is developing its business activities based on its strategic focuses: “Full-Scale Globalization” aiming to expand its geographic business areas, “Development of New Business Areas” aiming to expand the areas of application of its products, and “Change in Business Style” aiming to thoroughly apply artificial intelligence (AI), the IoT, robotics, and other technologies.

In the industrial machinery business, the Company has carried out measures for sales expansion by reducing its routine workload through the THK DX Project, creating redundant personnel, and assigning such personnel higher value-added work. In order to drive these measures, we strive to further promote Omni THK, introduce various ICT tools and systems, and foster digital human resources essential for such introduction. For the “OMNIedge” IoT service for the manufacturing industry, the Company has expanded the lineup and service coverage. Meanwhile, we completed new, expanded plants at THK Niigata in Japan and on our factory sites in Changzhou and Liaoning, China, working to strengthen our production capacity.

In the automotive & transportation business, while the Company is working on improving the profitability of the linkage and suspension (L&S) business, amid the acceleration of CASE and MaaS, it is also accelerating the development and sales of new products for automobiles by applying the core linear motion system technologies.

We will strive to meet the expectations of our shareholders by continuing to push forward with these initiatives and further strengthening sustainability and ESG, which

are the prerequisites thereof, to realize a sustainable society, and drive growth, and improve corporate value further.

We look forward to your continuous support and encouragement in the coming years.

Management Philosophy

Providing innovative products to the world and generating new trends to contribute to the creation of an affluent society.

In accordance with the management philosophy and from the perspective of maximizing corporate value, the Company aims to enhance the THK Group's long-term corporate value by continuously growing through appropriate cooperation with all stakeholders, including our shareholders.

	<p>[Rationale for Appointment as a Candidate for Outside Director and overview of expected roles] The rationale for the appointment of Masaaki Kainosho as a candidate for Outside Director is that we expect that he will help ensure the objectivity, neutrality and legality of the Company's management as the THK Group undertakes full-scale globalization and development of new business areas, as well as change in business style, to enhance the corporate value of the THK Group on the basis of his abundant experience and accomplishments, and insights gained as the manager of a management consulting company and as a university professor knowledgeable about business administration.</p> <p>Although Mr. Kainosho held a position at Mitsui Bank, from April 1976 to April 1996, which was a previous entity of Sumitomo Mitsui Banking Corporation, currently a lender to the Company, he consistently belonged to an IT system-related unit and the Company did not have any transactional relationship with Mitsui Bank at that time. Therefore, we have determined that Mr. Kainosho can maintain his independence and perform his duties appropriately as Outside Director of the Company.</p> <p>Notes:</p> <ol style="list-style-type: none"> 1. There is no special interest relationship between Masaaki Kainosho and the Company. 2. Masaaki Kainosho is a candidate for Outside Director. 3. Under the provisions of Article 427, Paragraph 1, of the Companies Act, the Company has entered into an agreement with Masaaki Kainosho to limit his indemnity liability under Article 423, Paragraph 1, thereof. The limitation of liability under the agreement is either the higher of ¥10 million or the minimum liability limit stipulated in Article 425, Paragraph 1, of the Companies Act. If Mr. Kainosho is reelected, the Company intends to continue the limited liability agreement with him as an Outside Director. 4. The Company registered Masaaki Kainosho as an independent officer in accordance with the regulations of the Tokyo Stock Exchange. If Mr. Kainosho is reelected, the Company intends to continue to register him as an independent officer.

- Notes:
1. The summary of the Audit and Supervisory Committee's opinion regarding the appointment of Directors and remuneration, etc. is as follows.
The Nomination Advisory Committee deliberated each candidate's qualifications as a Director by examining their knowledge, experience, and ability, etc. One Audit and Supervisory Committee Member participated in deliberations as a member of the Nomination Advisory Committee. The Audit and Supervisory Committee had a discussion based on the deliberation results of the Nomination Advisory Committee. As a result, we have determined that the nomination procedure was carried out properly and each candidate is qualified to be a Director of the Company.
The Audit and Supervisory Committee deliberated over remuneration for Directors based on the deliberation results of the Remuneration Advisory Committee, in which one Audit and Supervisory Committee Member participates in deliberations, as was the case with the deliberations by the Nomination Advisory Committee. As a result, we have determined that remuneration is appropriate considering that the decision procedure was carried out properly in accordance with the remuneration system.
 2. The Company has entered into a liability insurance contract with an insurance company for directors and officers, as stipulated in Article 430-3, Paragraph 1 of the Companies Act, with the Directors as the insured, and plans to renew the contract with the same terms in July 2023.
If the election of candidates is approved and adopted with this proposal, each candidate will be insured under the said contract.

(Reference) The Company's Standards for Independence of Outside Directors

The Company formulated its Standards for Independence of Outside Directors as follows. Any person who falls under any of the following items is judged not to be "independent."

1. Not currently a business operator of the Group but was a business operator of the Company within 10 years before the assumption of current office (provided, however, with regard to a person who was a non-Executive Director, Auditor or Accounting Advisor sometime within 10 years before the assumption of office, within 10 years before assuming such office)
2. Entity for which the Company is a major client or its business operator
3. The Company's major client or its business operator
4. Consultant, Certified Public Accountant or other accounting expert or a legal expert such as a lawyer who is receiving from the Company a large amount of money or other assets other than officer's remuneration (if the recipient of such money or asset is an organization such as a corporation, a person who belongs to such an organization)
5. Person who falls under 2, 3 or 4 above in the past one year
6. Spouse or a relative within the second degree of kinship of the following persons (excluding those who are not important)
 - (a) Person who falls under 2 through 5 above
 - (b) A business operator of the Group
 - (c) Person who falls under (b) above in the past one year
7. The Company's shareholder who holds 10% or more of the current total voting rights of the Company (if the shareholder is an organization such as a corporation, a business operator of the organization)

Notes:

A "business operator" refers to a person who executes business duties as prescribed in Article 2, Paragraph 3, Item 6, of the Regulation for Enforcement of the Companies Act, including Executive Directors, Executive Officers, Managers and other employees but excluding non-Executive Directors and Auditors.

The Company's concept of "major" and "importance":

A person or an organization such as a corporation that gives significant influence on the Company's decision making as well as stakeholders including shareholders, or a business operator who belongs to such an organization.

Specifically, the Company's client with which the transaction amount with the Company accounts for a significant part of the Company's sales revenue and the Group's management (Directors and Executive Officers, etc.) are considered to be major and/or important.

Business Report

(From January 1, 2022 to December 31, 2022)

(1) Review of Business Performance in the Current Fiscal Year

1. Business Progress and Results

Economic Environment

In this fiscal year, while there were strong uncertainties remaining in the outlook for the global economy due to the worldwide COVID-19 pandemic; however, the recovery trend continued in the economies in China and other regions including developed countries.

Overall Summary of Revenue

The THK Group has identified “Full-Scale Globalization,” the “Development of New Business Areas,” and “Change in Business Style” as cornerstones of its growth strategy to expand the markets of its products such as LM Guide (Linear Motion Guide). As to Full-Scale Globalization, while the markets in emerging countries such as China are growing by dint of the factory automation progress, which is also spreading to developed-country users, the THK Group endeavors to expand its global sales network to meet such demand. Regarding Development of New Business Areas, while the THK Group’s products are getting widely adopted in various business fields, the THK Group is working on expanding sales of not only existing products but also new developed products. Such business fields include automobile parts, medical equipment, aircraft, and robot, which are close to consumer goods, as well as seismic isolation and damping systems and renewable energy, which offer products that reduce risks arising from natural disasters and climate change.

In addition to promoting these strategies above, the THK Group is also committed to further expand its business fields by changing its business style enabled by making full use of AI, IoT and robot technologies in many ways.

In the industrial machinery business, while demand for products related to semiconductor, automation, robotization, and electric vehicles was robust across the board in China and other regions, the THK Group captured such demand and successfully increased revenue by utilizing various measures to improve its productivity and plant expansion that the THK Group has implemented. On the other hand, in the transportation equipment business, the impact of the automobile production cutbacks continued due to shortages in semiconductors and other components, as well as parts procurement difficulties caused by the lockdowns in some regions of China and the situation in Ukraine. As a result, along with the depreciation of yen, consolidated revenue amounted to ¥393,687 million, up ¥75,498 million, or 23.7%, compared to the figure a year earlier.

Overall Summary of Income

On the cost front, the cost to revenue ratio improved by 1.6% from a year earlier to 73.3% because of the increased revenue and the depreciation of yen, as well as the various activities to improve its productivity that THK Group has implemented.

Selling, general and administrative expenses amounted to ¥58,991 million, up ¥8,003 million, or 15.7%, compared to the figure a year earlier due mainly to the increased sales. The ratio to revenue improved by 1.0% from a year earlier to 15.0% because of the THK Group's endeavors to contain costs and improve operating efficiency as well as the increased sales.

In addition, the THK Group recorded ¥4,021 million of impairment losses of non-current assets as other expenses, as a result of performing tests of impairment in accordance with IFRS for certain non-current assets of consolidated subsidiaries that engage in the transportation equipment business. The indication of impairment for such assets were attributable to decrease in revenue due to the shortage of procurement of semiconductors and other parts by automobile manufacturers, who are customers of the THK Group, and production cutbacks in some regions in China as a result of the lockdowns, as well as decline in profitability due to the rising steel and energy prices. Moreover, the THK Group recorded ¥9,620 million of impairment losses of goodwill and intangible assets associated with the transportation equipment business operated by overseas subsidiaries as other expenses, as a result of performing tests of impairment in accordance with IFRS, owing to the rise in the discount rate corresponding to the hike in the interest rate due to the monetary tightening policies of various countries amid the continued global rise in prices.

As a result, operating income amounted to ¥34,460 million, up ¥4,191 million, or 13.8%, compared to the figure a year earlier. However, operating income margin dropped by 0.7% from a year earlier to 8.8%.

Financial income and financial costs were ¥3,335 million and ¥2,199 million, respectively.

As a result, profit before tax amounted to ¥35,596 million, up ¥5,612 million, or 18.7%, compared to the figure a year earlier. However, profit for the year attributable to owners of the parent amounted to ¥21,198 million, down ¥1,808 million, or 7.9%, compared to the figure a year earlier.

Segment Breakdown

Japan

In the industrial machinery business in Japan, demand was strong across the board, particularly in electronics products. In such a situation, the THK Group stably captured such demand and successfully increased revenue by utilizing various measures to improve its productivity that the THK Group has implemented. As a result, revenue amounted to ¥144,189 million, up ¥20,816 million, or 16.9%, compared to the figure a year earlier. Operating income (segment income) amounted to ¥17,014 million, down ¥5,248 million, or 23.6%, compared to the figure a year earlier. This was attributable to the following: (a) ¥1,286 million of impairment losses of non-current assets as other expenses recorded by THK RHYTHM CO., LTD., a consolidated subsidiary that engages in the transportation equipment business; and (b) recording of loss on valuation of stocks of subsidiaries and affiliates.

The Americas

In the industrial machinery business in the Americas, demand was strong across the board, particularly in electronics products. In such a situation, the THK Group stably captured such demand and successfully increased revenue by utilizing various measures to improve its productivity that the THK Group has implemented. As a result, revenue amounted to ¥80,855 million, up ¥23,634 million, or 41.3%, compared to the figure a year earlier. Despite of the increased revenue, the THK Group recorded operating loss (segment loss) of ¥2,351 million, which worsened by ¥1,217 million compared to the figure a year earlier (operating loss of ¥1,134 million). This was because THK RHYTHM NORTH AMERICA CO., LTD., a consolidated subsidiary that engages in the transportation equipment business,

recorded ¥2,094 million of impairment losses of non-current assets as other expenses.

Europe

In the industrial machinery business in Europe, while demand was strong across the board, the THK Group stably captured such demand and successfully increased revenue by utilizing various measures to improve its productivity that the THK Group has implemented. As a result, revenue amounted to ¥62,715 million, up ¥12,467 million, or 24.8%, compared to the figure a year earlier. Despite of the increased revenue, the THK Group recorded operating loss (segment loss) of ¥9,684 million, which worsened by ¥8,347 million compared to the figure a year earlier (operating loss of ¥1,337 million). This was attributable to ¥9,620 million of impairment losses of goodwill and intangible assets recorded as other expenses associated with THK RHYTHM AUTOMOTIVE CZECH a.s., a consolidated subsidiary that engages in the transportation equipment business.

China

In China, while demand was strong across the board, the THK Group captured such demand and successfully increased revenue by utilizing various measures to improve its productivity that the THK Group has implemented. As a result, revenue amounted to ¥83,312 million, up ¥16,239 million, or 24.2%, compared to the figure a year earlier. Operating income (segment income) amounted to ¥13,773 million, up ¥4,314 million, or 45.6%, compared to the figure a year earlier due mainly to the increased revenue, despite that THK RHYTHM (CHANGZHOU) CO., LTD., a consolidated subsidiary that engages in the transportation equipment business, recorded ¥1,009 million of impairment losses of non-current assets as other expenses.

Other Areas

In other countries and regions, the THK Group continued to expand and deepen transactions with existing customers and to cultivate new customers while demand for THK Group's products was widely expanded in India and the ASEAN countries. In addition, the recovery of demand in China favorably affected the THK Group's revenue in some countries. As a result, revenue amounted to ¥22,614 million, up ¥2,340 million, or 11.5%, compared to the figure a year earlier. Operating income (segment income) amounted to ¥2,861 million, up ¥582 million, or 25.6%, compared to the figure a year earlier due mainly to the increased revenue, despite that THK RHYTHM MALAYSIA Sdn. Bhd., a consolidated subsidiary that engages in the transportation equipment business, recorded ¥12 million of impairment losses of non-current assets as other expenses.

Overall Summary of Research and Development

The THK Group is actively engaged in R&D activities, conducted primarily at its Head Office and the Technology Center (Tokyo) as an R&D base, to develop core linear motion systems and other products by applying the core technologies and know-how in linear motion systems, including mechatronics such as Precision XY Stage and Linear motor actuators, and products in fields close to consumer goods such as automobiles, seismic isolation and damping systems, medical equipment, aircraft, renewable energy, and robotics.

Turning to activities outside Japan, we established the R&D Center in China, the Company's first overseas R&D facility, in 2010 and started its full-scale operation in 2012. Together with the R&D Division of Germany-based THK RHYTHM AUTOMOTIVE, a subsidiary included in THK's scope of consolidation in 2015, the THK Group is working to establish an R&D framework for product development at optimal locations covering the Americas, Europe, and Asia to enable development of products that more accurately meet diverse needs of global customers.

In the industrial machinery business, THK developed the Miniature Model SRG-G, a full roller guide with enhanced robustness. THK will continue to contribute to the demand for high-performance in machine tools and semiconductor manufacturing equipment. Furthermore, THK launched the dedicated jig Model WPC-ST for easily installing plate covers and the Laminated Contact Scraper Foaming H-NBR LaCS with enhanced chemical resistance. These have been well received by a wide range of customers due to the expansion of the types of options. As for ball screws, THK developed the Model HBN-KP high-load ball screw for presses capable of withstanding double the permissible axial load. Its high permissible load allows for an equipment design featuring a smaller screw shaft diameter. Furthermore, THK has significantly expanded the Model SDA-V lineup. THK will expand the market for a wide range of fields, such as machine tools, semiconductor manufacturing equipment, electronic part mounters and robots. In the cross-roller ring field, Models RB-H/RE-H/RU-H, which are compatible in size with existing products and whose internal structures are improved to realize high rigidity, was developed. Furthermore, Model RBU, which integrates inner and outer rings, was developed. This will contribute to significant reductions in the number of assembly processes for customers since the outer ring does not shift. We also brought a High-Speed Double-Row Angular Contact Ring BWH, to market. By changing rolling elements from rollers to balls, the product satisfies rapidity needs and avoids temperature increases due to heat generation, which will enhance competitiveness in the machine tool and direct drive motor markets where speed-up is advancing. In the actuator field, THK developed the rotating module RMR Model, which is suitable for articulated mechanisms of robots. This is an actuator in which a cross-roller ring with high rigidity manufactured by THK serves as the main bearing of the rotation mechanism and which integrally consists of a reducer, motor, encoder, brake, and other elements essential to articulated parts of robots, so it is suitable for their articulated mechanisms.

In the robotics realm, THK developed the cylindrical coordinate module MLS Model. As each shaft are modularized and can be easily assembled with bolts, and it can be operated with standard PLC, it can easily be used. In addition, the picking robot hand system PRS Model was launched. We offer this model at places where

automation and labor saving are required in warehouse picking processes (piece picking operations).

In IoT-related fields, for the OMNIedge IoT service, which enables predictive failure detection in facilities of manufacturing industry customers, THK added predictive failure detection for rotating components, such as pump and fans, to the lineup in February 2022, in addition to that for linear motion products such as the LM Guide and ball screws. Moreover, in November of the same year, THK also added “Tool Monitoring AI Solution,” which can be used for detecting defective machine tools, to our solution lineup as the third solution.

In the automotive & transportation business, THK launched aluminum products which were manufactured by a new method to meet the needs for reducing the weight of automobiles with the transition to electric vehicles and strived to expand sales. In North America, having succeeded in internalizing aluminum forging technology, THK has been serving not only U.S. customers but also Japanese manufacturers who require local sources of procurement.

In addition to the linkage and suspension (L&S) business, the THK Group has developed and is mass-producing ball screw products for “CASE” automobiles as a second pillar for our business. We have been shipping these products as automatic braking components, and in addition, we newly began shipments for next-generation suspensions. THK has been striving to expand sales by developing a series of similar products.

In addition to continuing to promote the development of next-generation products aimed at a true market that anticipates needs, of which customers themselves are not yet aware, five or ten years into the future, we will strive to expand our product lineup to meet current customer needs.

Overall Summary of the Operation and Production Systems

In our four key geographical regions of Japan, the Americas, Europe and Asia, the THK Group is pursuing the establishment of a “unified producer-retailer system at the locations closer to centers of demand,” in which products will be produced and sold locally. In addition, we are making various efforts to expand sales to wide-ranging customers who actually use machinery equipment, in addition to machinery equipment manufacturers.

In terms of sales activities, the THK Group has expanded sales by maximizing the value offered to customers by utilizing digital technology, such as the IoT and AI.

For the “OMNIedge” IoT service, which enables predictive failure detection in facilities of manufacturing industry customers, in terms of products, THK added rotating components-focused applications to its lineup in February 2022, and began to provide “Tool Monitoring AI Solution” in November of the same year. In terms of capabilities and services, we began to deal with private clouds that provide high security, availability, and multi-device development at a reasonable price. In this way, we are pushing ahead faster with new initiatives amid the rapid progress of digital technology.

In terms of production, in Japan, a new, expanded plant became operational at THK Niigata in November 2022, and in China, where medium- to long-term demand expansion is expected, a new, expanded plant began to operate in Changzhou in June of the same year and a new, expanded plant was completed in Liaoning in December of the same year. In this way, we are working to further strengthen our production capacity and continuing to promote automation and the incorporation of robots into the production process.

Term-end Dividends

Not only its basic policy which is to provide shareholders with stable and continuous dividends, THK also places priority on providing shareholders with proactive distribution of profit befitting operating results, simultaneously strengthening its financial soundness by securing internal reserve. According to this policy, THK sets its payout ratio on a consolidated basis at 30% and a minimum dividend for a fiscal year at ¥15 per share (¥7.5 per share for both interim dividend and term-end dividend). THK plans to make effective use of internal reserve by investing it to research and development activities, production facilities, and IT systems, to respond globalization.

However, THK has decided to pay the term-end dividend of ¥50 per share, considering the operating results for the year ended December 31, 2022 that were affected by the external operating environment. As a result, cash dividends applicable for the year ended December 31, 2022 will be ¥87 per share, including the interim dividends of ¥37 per share.

2. Status of Capital Investments

Total capital investments in the consolidated fiscal year under review amounted to ¥32,095 million, consisting mostly of investments in buildings and processing facilities that were made to reinforce production facilities and improve product quality. The main investment amount at each base is as follows:

Domestic Operational Bases	THK CO., LTD.	(Millions of Yen)
	Production Division	2,860
	Yamaguchi Plant	2,774
	Yamagata Plant	1,885
	THK NIIGATA CO., LTD.	1,861

	DALIAN THK CO., LTD.	2,135
	THK MANUFACTURING OF CHINA (WUXI) CO., LTD.	1,873
	THK MANUFACTURING OF VIETNAM CO., LTD.	1,425
	THK RHYTHM AUTOMOTIVE CANADA LIMITED	1,353

3. Status of Funding

During the consolidated fiscal year under review, the Group raised funds of ¥20,000 million through the issuance of straight bonds.

Company	Description	Date of issuance	Total amount of issuance (Millions of Yen)	Rate (%)	Due date
THK CO., LTD.	The Eighteenth Series of THK CO., LTD. Unsecured Straight Bonds (with limited inter-bond pari passu clause)	Sept. 14, 2022	10,000	0.430	Sept. 14, 2027
THK CO., LTD.	The Nineteenth Series of THK CO., LTD. Unsecured Straight Bonds (with limited inter-bond pari passu clause)	Dec. 14, 2022	10,000	0.539	Dec. 14, 2027

For effective funding of operating capital, the Group has concluded Specified Commitment Line Contract totaling ¥30,000 million with its main correspondent financial institutions.

(3) Description of Main Business Operations (As of December 31, 2022)

The THK Group supplies the world with vital machinery components that convert “sliding” motion into “rolling” motion, thereby enabling motion parts to move in a “lighter” and “more accurately” in linear motions. Since its establishment in 1971, the Company has been contributing to the development of industry with respect to indispensable component parts, underpinned by its management philosophy of “providing innovative products to the world and generating new trends to contribute to the creation of an affluent society.” This has involved serving as a company focused on creation and development in supplying machine components that include THK’s LM Guide, while also achieving improvements in terms of high precision, high rigidity, high speed, and energy saving with respect to various machines and equipment such as machine tools and semiconductor manufacturing equipment. In recent years, the THK Group’s products have come to be used across an increasingly extensive range of applications beyond the field of industrial machinery. For instance, in addition to fields close to consumer goods such as automobiles, medical equipment, aircraft, and service robotics, our products are also finding uses in applications aimed at mitigating risk of natural disasters and climate change, including applications in seismic isolation and damping systems, as well as renewable energy. As such, we will accordingly contribute to society through our primary operations serving as an essential business as our many customers worldwide turn to us for product supply, while concurrently striving to increase our corporate value as we engage in initiatives that help give rise to a sustainable society in the midst of global warming and other changes in the global environment.

(4) Future Tasks

The THK Group will endeavor to expand its fields of business based on the pillars of its growth strategy focusing on: “Full-Scale Globalization” aiming to expand its geographic business areas, “Development of New Business Areas” aiming to expand applications of its products, and “Change in Business Style” aiming to thoroughly apply Artificial Intelligence (AI), the IoT, robotics, and other technologies.

Under the “Full-Scale Globalization” objective, we have been building a “unified producer-retailer system at the locations closer to centers of demand” whereby products will be produced and sold locally in our four key geographic regions of Japan, the Americas, Europe and Asia. Meanwhile, we believe there is still plenty of latent demand for linear motion products overseas. This is because linear motion products, including the THK Group’s LM Guide, maintain high levels of familiarity and a high market share in Japan yet overseas have achieved low rates of market penetration relative to that of Japan. As such, we have been working to expand our sales network and to strengthen production structure in recent years, particularly in China and other emerging markets poised for growing demand over the medium to long term. Moreover, we will derive further growth from efforts that involve enhancing our sales network in a bid to steadily tap demand even in developed countries as the user base continues to expand.

For “Development of New Business Areas,” we believe that while the main customers of our LM guides and other product groups are now capital goods manufacturers, the adoption of THK Group’s products is expanding to the fields of applications aimed at mitigating the risk of natural disasters and climate change, such as seismic isolation and damping systems, and renewable energy, in addition to the fields

close to consumer goods such as automobiles, medical equipment, aircraft, and service robotics. We have pinpointed substantial demand in areas close at hand beyond the industrial realm, and accordingly aim to tap such demand through efforts that involve accelerating our pace of expansion into new fields of business by launching new products that apply our core linear motion system technologies developed thus far.

Under the “Change in Business Style” objective, we will strive to transform our business approach and framework through painstaking efforts in every aspect of operations encompassing areas that include sales, production, and development with respect to new technologies such as AI, IoT, and robotics, amid a scenario of digital technologies undergoing rapid development. Under the THK DX Project, we will furthermore take a multifaceted approach to expanding our business areas by creating new forms of customer experience, through initiatives that include our Omni THK platform for communicating with customers and our OMNIedge IoT service for the manufacturing industry.

Along with these initiatives, we will raise our corporate value by vigorously pressing ahead with improving profitability and strengthening our financial position.

6. Policies, etc. for determining the details of the remuneration of individual Directors
At the Board of Directors meeting held on March 19, 2022, the Company resolved to
adopt the policies for determining the details of the remuneration of individual
Directors.

The Company's policies for determining the details of the remuneration of individual
Directors are as follows.

[Basic policy]

The basic policy is to have a remuneration structure linked to the interest of
shareholders so that it works as a sustainable incentive to improve corporate value, and
appropriate levels of remuneration shall be ensured in light of their relevant duties in
determining remuneration for individual Directors (excluding Directors who are Audit
and Supervisory Committee Members). Specifically, the remuneration of an Executive
Director of the Company shall mainly consist of fixed remuneration determined
according to the Director's job roles and responsibilities, as well as restricted stock
remuneration with the aim of granting a medium-term incentive and performance-based
remuneration based on the annual and medium-term performance. Fixed remuneration
only shall be paid to an Outside Director who is in charge of the monitoring function in
light of his/her duties. Fixed remuneration and performance-based remuneration shall be
monetary remuneration, and restricted stock remuneration shall be monetary
remuneration claims for granting Restricted Stocks.

[Fixed remuneration]

Fixed remuneration shall be determined based on operating performance during the
previous fiscal year, and the total amount of fixed remuneration of Directors during the
current fiscal year shall not exceed ¥1,200 million per year. Each Director shall be

[Translation for Reference and Convenience Purposes Only]

individually evaluated based on his/her job responsibilities and track record according to the degree of his/her contribution so far as well as expected degree of contribution, etc., and the total amount of remuneration determined as stated above shall be allocated to each Director in accordance with such evaluation. Fixed remuneration for Outside Directors shall not exceed ¥120 million per year and be determined in light of the level of remuneration paid by companies similar to the Company in size and those belonging to related industry sectors/business types.

[Performance-based remuneration]

Performance-based remuneration shall be determined based on the evaluation of job responsibilities and the degree of contribution of each Director during a relevant fiscal year. Its amount shall not exceed an amount as calculated by adding an amount calculated by multiplying the average amount of profit attributable to owners of the parent over the most recent four (4) fiscal years including the relevant fiscal year by 3%, to an amount calculated by multiplying the amount of profit attributable to owners of the parent for the fiscal year by 3%, in order to even out changes in the demand and supply trend of the Company's business. This remuneration shall not be paid to Outside Directors.

[Restricted stock remuneration]

As restricted stock remuneration, common stock of the Company that are subject to restrictions including a prohibition on transfers until certain circumstances arise and acquisition of these shares by the Company without contribution in the event that certain circumstances arise shall be allotted to Directors (excluding Directors who are Audit and Supervisory Committee Members and Outside Directors) in order to provide them an incentive to sustainably increase the Company's corporate value and to share interests between shareholders and them. In addition, in accordance with the resolution of its Board of Directors, the total amount shall be allotted to Directors (excluding Directors who are Audit and Supervisory Committee Members and Outside Directors) as no more than ¥1,200 million per year including the fixed remuneration (of which the amount for Outside Directors shall be no more than ¥120 million per year) and no more than 270,000 shares of common stock.

[Policy for determining ratio]

In regard to the ratio between the amount of fixed remuneration and that of performance-based remuneration for an Executive Director, fixed remuneration shall also be reviewed each fiscal year based on the intent of clarifying the Company's operating performance and an individual role's responsibilities for the results and operating performance. With the amount of fixed remuneration determined accordingly, operating performance during the fiscal year and that over the most recent four (4) fiscal years as well as the degree of contribution by the entire management shall be taken into consideration to determine the ratio. In determining the ratio, the Remuneration Advisory Committee shall be consulted on an original proposal and its recommendation shall be respected.

The number of shares to be granted to an eligible Director as restricted stock remuneration shall be calculated so that the value of the shares is equivalent to about 5% of the total amount of fixed remuneration paid to the Director as of the initial date of introduction. On the basis of the above ratio as of the initial date of introduction, such

[Translation for Reference and Convenience Purposes Only]

ratio shall be adjusted to a proper provision ratio according to future changes in the business environment in order to encourage willingness to contribute to a sustainable increase in the Company's corporate value, share the benefits and risks of stock price fluctuations with shareholders, and contribute to improving its share value and corporate value.

[Policy for determining the timing of and conditions for the payment of remuneration to Directors]

With regards to the timing and conditions of the payment of remuneration to Directors, fixed remuneration shall be calculated for each calendar month and paid monthly, and performance-based remuneration shall be paid once a year in April; any change to this shall be subject to a resolution by the Board of Directors. With regards to the timing and conditions of the granting (payment) of restricted stock remuneration to eligible Directors, it shall be paid once a year in April under the Allotment Agreement concluded between the Company and each eligible Director.

[Matters relating to the delegation of the determination of remuneration of individual Directors to Directors]

With regards to the amount of remuneration of individual Directors (excluding Directors who are Audit and Supervisory Committee Members) (for Restricted Stocks, the number of shares to be granted to each Director), the determination for Director and Executive Vice Presidents, etc. who are responsible for the operation of the entire Company without specific line responsibilities shall be delegated to the Director and President, and that for other Directors who are in charge of specific business lines/fields shall be delegated jointly to the Director and President and two (2) Director and Executive Vice Presidents. The authorities to be delegated in each case shall be to determine the amount of fixed remuneration of each Director as well as the evaluation and allocation of performance-based remuneration based on operating performance of the business line that each Director is in charge of, and the number of Restricted Stocks to be granted to each Director.

The Board of Directors shall obtain a recommendation on the policies for determining the total amounts of fixed remuneration and performance-based remuneration (for Restricted Stocks, the total number of shares to be granted) as well as allocating to individual Directors from the Remuneration Advisory Committee to ensure such authorities are exercised properly by the above delegates. The above delegates shall respect the details of such recommendation to determine individual amounts of remuneration, independently or after discussions. The Remuneration Advisory Committee is comprised of four (4) persons of the Director and President, one (1) Executive Vice President, an Outside Director, as well as an Outside Director who is an Audit and Supervisory Committee Member.

The Board of Directors has delegated the authority to determine the amount of fixed remuneration of each Director, the evaluation and allocation of performance-based remuneration based on operating performance of the business line that each Director, excluding Outside Directors, is in charge of, as well as the number of restricted stocks granted to each Director, excluding Outside Directors, to Akihiro Teramachi, Representative Director, President and CEO, Toshihiro Teramachi, Director, Executive

Vice President and CIO, and Hiroshi Imano, Director, Executive Vice President and CFO. The reason for the delegation is that the Company determined that they are appropriate for evaluating the business that each Director is in charge of, while taking into account company-wide operating performance, etc.

In addition, the Board of Directors has judged that the remuneration for individual Directors for the fiscal year under review is in line with the policies for determining the remuneration because the determination of the details of the remuneration and the details of the determined remuneration were consistent with the policies and because the report from the Remuneration Advisory Committee was respected.

(3) Status of Accounting Auditor

1. Name: Grant Thornton Taiyo LLC

2. Amount of Remuneration of the Accounting Auditor Pertinent to the Fiscal Year under Review:

	(Millions of Yen)
	Amount of Remuneration
1. Amount of remuneration as the accounting auditor for the current fiscal year	105
2. Total sum of monies or money equivalent to be paid by the Company and its subsidiaries to the accounting auditor	108

Notes: 1. In line with the “Practical Guidelines on the Alliance with Accounting Auditors” announced by the Japan Audit & Supervisory Board Members Association, the Audit and Supervisory Committee of the Company checked and verified the Accounting Auditors’ actual performance by audit item in the accounting audit plan for the previous fiscal year and hours spent for auditing each tier, the transition in the amounts of remuneration paid to the Accounting Auditors and the status of execution of duties by the Accounting Auditors. Based on such verification, the board inspected the Accounting Auditors’ accounting audit plan for the current fiscal year and the adequacy of the amounts of remuneration. As a result, the Audit and Supervisory Committee gave consent under Article 399, Paragraphs 1 and 3, of the Companies Act.

2. Under the audit agreement between the Company and the accounting auditor, the Company does not classify the amount of auditing remuneration for the audit set forth in the Companies Act and the audit set forth in the Financial Instruments and Exchange Act. Therefore, the amount shown in 1. above includes auditing remuneration under the Financial Instruments and Exchange Act.

3. Matters Related to the Audit of the Financial Statements of Important Consolidated Subsidiaries

Of the Company’s important subsidiaries, 21 subsidiaries including THK America, Inc. were audited by certified public accountants or audit firms other than the Company’s Accounting Auditor, Grant Thornton Taiyo LLC.

4. Description of Non-Audit Activities

The Company entrusts the Accounting Auditor with preparation of letters to the leading underwriting firm in the bond issuance, which are services other than those provided for in Article 2, Paragraph 1, of the Certified Public Accountants Act (non-auditing services), and pays the Accounting Auditor for such advisory services.

5. Policy for Determining Dismissal and Non-Reappointment of Accounting Auditors

The Audit and Supervisory Committee, if it considers it necessary, such as in the case where the performance of the accounting auditor’s duties is hindered, decides the details

of the proposal for the dismissal or non-reappointment of the accounting auditor to be presented to the General Meeting of Shareholders.

In addition, if it is considered that the accounting auditor comes under any of the items of Article 340, Paragraph 1, of the Companies Act, the accounting auditor will be dismissed with the consent of all Audit and Supervisory Committee Members. In this case, the Audit and Supervisory Committee Member selected by the Audit and Supervisory Committee will report the dismissal of the accounting auditor and the reason for such dismissal at the first General Meeting of Shareholders held after such dismissal.

(4) Basic Beliefs towards the Elimination of Anti-Social Forces and the Degree of the Introduction of Necessary Steps

The Company has established the system which aims to remove anti-social forces as below:

- A. The Company has declared in the “THK’s Corporate Basic Policies” that it shall “take a firm stance against anti-social forces.”
- B. The Company, as a member of the “Liaison Council of Tokyo Metropolitan Policy’s Anti-Crime Syndicate” (the “Council”), collects information at monthly meetings hosted by the Council and on other occasions. In addition, the Corporate Strategy Headquarters is engaged in the management of relevant information in an integrated manner.
- C. If the Company receives an inappropriate demand from anti-social forces, the Corporate Strategy Headquarters and the Risk Management Division are to respond to it. In so doing, staff at the Corporate Strategy Headquarters and the Risk Management Division who have participated in lectures and other courses of the Council will respond to such a matter while in conjunction with the police station under the jurisdiction and so forth, and will take resolute steps such as resorting to legal means through our corporate lawyers as necessary.
- D. In order to extirpate transactions with companies that have relations with anti-social forces, the Company strives to conclude a Memorandum of Understanding regarding extirpation of transactions with anti-social forces with our business partners.

(5) Basic Policies on Control of the Company

Based on the management philosophy common throughout the THK Group of “providing innovative products to the world and generating new trends to contribute to the creation of an affluent society,” the Group will enhance transparency of its management for all stakeholders, including our shareholders, from the viewpoint of “maximizing corporate value” in conducting appropriate and efficient management. By doing so, the Group will take initiatives with the aim of enhancing the THK Group’s medium to long term corporate value by continuously growing through appropriate cooperation with stakeholders.

The Company’s basic policy regarding takeover defense measures calls for not introducing such measures. When a party attempts a large-scale acquisition of the Company’s stocks and the Company’s stocks are targeted for a tender offer, the Company will clearly explain the stance of its Board of Directors and counterproposal, if any. At the same time, the Company will not take any measures to unreasonably

[Translation for Reference and Convenience Purposes Only]

interfere with shareholders' right to relinquish the stocks upon accepting the tender offer.

In addition, when such large-scale acquisition is deemed to be an act taken by an inappropriate party, the Company will form a "Countermeasure Headquarters" to carefully examine the purpose of acquisition by the acquirer and the details of the proposal, among other things, in light of the common interest of shareholders and other considerations, with the intention of determining and implementing concrete action.

Grant Thornton Taiyo LLC
Tokyo office

Designated Executive Employee Certified Public Accountant	Tatsuya Arai (Seal)
Designated Executive Employee Certified Public Accountant	Makio Wada (Seal)
Designated Executive Employee Certified Public Accountant	Motoki Ishikawa (Seal)

Audit Opinion

In accordance with the provisions of Article 444, Paragraph 4, of the Companies Act, we audited the consolidated financial statements of THK CO., LTD. (the “Company”), consisting of the consolidated statements of financial position, consolidated statements of profit or loss, consolidated statements of changes in equity and notes to the consolidated financial statements covering the consolidated fiscal year from January 1, 2022 to December 31, 2022.

In our opinion, the consolidated financial statements referred to above conform to the accounting standard omitting certain disclosure items required by designated international accounting standards in accordance with the provisions of the latter part of Article 120, Paragraph 1 of the Regulation on Corporate Accounting, and present fairly, in all material respects, the financial position and results of operations of the Group, which consisted of the Company and its consolidated subsidiaries, applicable to the fiscal year ended December 31, 2022.

Basis for Audit Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its consolidated subsidiaries in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The other information refers to the business report and its supplementary schedules. Management is responsible for preparing and disclosing the other information. In addition, the Audit and Supervisory Committee is responsible for overseeing the

[Translation for Reference and Convenience Purposes Only]

Directors' performance of duties within the maintenance and operation of the reporting process for the other information.

The scope of our audit opinion on the consolidated financial statements does not include the content of the other information, and we do not express an opinion regarding the other information.

Our responsibility in auditing the consolidated financial statements is to read through the other information, and in the process of reading it, we examine whether there are material differences between the other information and the consolidated financial statements or the knowledge we have gained in the auditing process, and we also pay attention as to whether there are any indications in the other information of material errors besides such material differences.

If we determine there to be material errors in the other information based on the work we have performed, we are required to report those facts.

There are no matters to report regarding the other information.

Responsibilities of Management and the Audit and Supervisory Committee for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements conform to the accounting standard omitting certain disclosure items required by designated international accounting standards in accordance with the provisions of the latter part of Article 120, Paragraph 1 of the Regulation on Corporate Accounting: this includes the maintenance and operation of such internal control as management determines is necessary to enable the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing whether it is appropriate to prepare the consolidated financial statements with the assumption of the Group's ability to continue as a going concern, and, where necessary, disclosing matters related to going concern conform to the accounting standard omitting certain disclosure items required by designated international accounting standards in accordance with the provisions of the latter part of Article 120, Paragraph 1 of the Regulation on Corporate Accounting.

The Audit and Supervisory Committee is responsible for overseeing the Directors' performance of duties within the maintenance and operation of the financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements within the maintenance and operation of the financial reporting process.

Our responsibilities are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion on the consolidated financial statements based on our audit from an independent point of view. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate they could reasonably be expected to influence the decisions of users taken on the basis of the consolidated financial statements.

[Translation for Reference and Convenience Purposes Only]

In accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Selecting audit procedures to be applied is at the discretion of the auditor. Obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Consider, in making those risk assessments, internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, while the purpose of the audit of the consolidated financial statements is not expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used by management and their method of application, as well as the reasonableness of accounting estimates by management and related notes thereto.
- Conclude on the appropriateness of management's use of the going concern basis for preparing the consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related notes to the consolidated financial statements or, if the notes to the consolidated financial statements on material uncertainty are inadequate, to express a qualified opinion with exceptions on the consolidated financial statements. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate whether the presentation of the consolidated financial statements and the notes thereto conform to the accounting standard omitting certain disclosure items required by designated international accounting standards in accordance with the provisions of the latter part of Article 120, Paragraph 1 of the Regulation on Corporate Accounting prescribing preparation, as well as evaluate the overall presentation, structure and content of the consolidated financial statements, including the related notes thereto, and whether the consolidated financial statements fairly represent the underlying transactions and accounting events.
- Obtain sufficient and appropriate audit evidence regarding the financial information of the Company and its consolidated subsidiaries to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements. We remain solely responsible for our audit opinion.

We communicate with the Audit and Supervisory Committee regarding the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit, and other matters required by auditing standards.

We also provide the Audit and Supervisory Committee with a statement that we have complied with the ethical requirements in Japan regarding independence that are

[Translation for Reference and Convenience Purposes Only]

relevant to our audit of the financial statements, and communicate with it all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards in order to eliminate or reduce obstruction factors.

Conflicts of Interest

Our firm and the designated engagement partners have no interest in the Company and its consolidated subsidiaries which should be disclosed in accordance with the Certified Public Accountants Act.

Audit Opinion

In accordance with the provisions of Article 436, Paragraph 2, No. 1, of the Companies Act, we audited the non-consolidated financial statements of THK CO., LTD. (the “Company”), consisting of the balance sheet, statement of income, statement of changes in shareholders’ equity, notes to the non-consolidated financial statements and supplementary schedules (collectively, “non-consolidated financial statements, etc.”) covering the 53rd fiscal year from January 1, 2022 to December 31, 2022.

In our opinion, the non-consolidated financial statements, etc. referred to above present fairly, in all material respects, the financial position and results of operations of the Company, applicable to the fiscal year ended December 31, 2022, in accordance with accounting principles generally accepted in Japan.

Basis for Audit Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Non-consolidated Financial Statements, Etc. section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the non-consolidated financial statements, etc. in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The other information refers to the business report and its supplementary schedules. Management is responsible for preparing and disclosing the other information. In addition, the Audit and Supervisory Committee is responsible for overseeing the Directors’ performance of duties within the maintenance and operation of the reporting process for the other information.

[Translation for Reference and Convenience Purposes Only]

The scope of our audit opinion on the non-consolidated financial statements, etc. does not include the content of the other information, and we do not express an opinion regarding the other information.

Our responsibility in auditing the non-consolidated financial statements, etc. is to read through the other information, and in the process of reading it, we examine whether there are material differences between the other information and the non-consolidated financial statements, etc. or the knowledge we have gained in the auditing process, and we also pay attention as to whether there are any indications in the other information of material errors besides such material differences.

If we determine there to be material errors in the other information based on the work we have performed, we are required to report those facts.

There are no matters to report regarding the other information.

Responsibilities of Management and the Audit and Supervisory Committee for the Non-consolidated Financial Statements, Etc.

Management is responsible for the preparation and fair presentation of the non-consolidated financial statements, etc. in accordance with accounting principles generally accepted in Japan; this includes the maintenance and operation of such internal control as management determines is necessary to enable the preparation and fair presentation of non-consolidated financial statements, etc. that are free from material misstatement, whether due to fraud or error.

In preparing the non-consolidated financial statements, etc., management is responsible for assessing whether it is appropriate to prepare the non-consolidated financial statements, etc. with the assumption of the Company's ability to continue as a going concern and disclosing, as required by accounting principles generally accepted in Japan, matters related to going concern.

The Audit and Supervisory Committee is responsible for overseeing the Directors' performance of duties within the maintenance and operation of the financial reporting process.

Auditor's Responsibilities for the Audit of the Non-consolidated Financial Statements, Etc.

Our responsibilities are to obtain reasonable assurance about whether the non-consolidated financial statements, etc. as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion on the non-consolidated financial statements, etc. based on our audit from an independent point of view. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate they could reasonably be expected to influence the decisions of users taken on the basis of the non-consolidated financial statements, etc.

In accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the non-consolidated financial statements, etc., whether due to fraud or error, and design and perform audit procedures responsive to those risks. Selecting audit procedures to be applied is at the discretion of the auditor. Obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

[Translation for Reference and Convenience Purposes Only]

- Consider, in making those risk assessments, internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, while the purpose of the audit of the non-consolidated financial statements, etc. is not expressing an opinion on the effectiveness of the internal control.
- Evaluate the appropriateness of accounting policies used by management and their method of application, as well as the reasonableness of accounting estimates by management and related notes thereto.
- Conclude on the appropriateness of management's use of the going concern basis for preparing the non-consolidated financial statements, etc. and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related notes to the non-consolidated financial statements, etc. or, if the notes to the non-consolidated financial statements, etc. on material uncertainty are inadequate, to express a qualified opinion with exceptions on the non-consolidated financial statements, etc. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate whether the presentation of the non-consolidated financial statements, etc. and the notes thereto are in accordance with accounting standards generally accepted in Japan, as well as evaluate the overall presentation, structure and content of the non-consolidated financial statements, etc., including the related notes thereto, and whether the non-consolidated financial statements, etc. fairly represent the underlying transactions and accounting events.

We communicate with the Audit and Supervisory Committee regarding the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit, and other matters required by auditing standards.

We also provide the Audit and Supervisory Committee with a statement that we have complied with the ethical requirements in Japan regarding independence that are relevant to our audit of the financial statements, and communicate with it all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards in order to eliminate or reduce obstruction factors.

Conflicts of Interest

Our firm and the designated engagement partners have no interest in the Company which should be disclosed in accordance with the Certified Public Accountants Act.

Audit Report by the Audit and Supervisory Committee

AUDIT REPORT

We, the Audit and Supervisory Committee (the “Committee”), audited the execution of duties of the Directors during the Company’s 53rd fiscal year starting from January 1, 2022, and ended on December 31, 2022. The auditing method and details of audits are as described below.

1. Auditing Method and Content of Audits Performed

Regarding the content of the resolution of the Board of Directors relating to matters stipulated in Article 399-13, Paragraph 1, No. 1-B and C of the Companies Act of Japan and the system developed pursuant to such resolution (internal control system), the Committee utilized remote means such as web conference systems, received reports from Directors, Executive Officers, and employees concerning the status of the establishment and operation of such system, sought explanation as necessary, and expressed opinions. In addition, we carried out audits according to the following method:

- 1) The Committee, working in coordination with the Company’s Internal Audit Division and departments in charge of internal control in accordance with the Audit and Supervisory Committee’s Auditing Standards specified by the Committee and following the auditing policy and allocation of tasks, attended important meetings, received reports from Directors, Executive Officers, and employees concerning matters relating to the execution of their duties, sought explanation as necessary, inspected important decision-making documents, etc., and investigated the status of operations and assets at the Company’s Head Office and principal offices. As for subsidiaries of the Company, the Committee communicated and exchanged information with directors and audit and supervisory board members, etc. of subsidiaries, and received reports on business from subsidiaries as necessary. In addition, the Committee held its meetings on a monthly basis and deliberated on matters for resolution and sought to share information. Furthermore, the Committee held a meeting separately from the Committee meeting once a month to complement the Committee meeting, and conducted information sharing, exchange of opinions, and deliberations on various matters, as well as seeking to collect information. The Committee also delivered opinions to the Directors on the results of its audit activities as necessary.
- 2) For the basic policy of the Regulation for Enforcement of the Companies Act, Article 118, No. 3-A, as described in the Business Report, the Committee examined the contents of the policy based on the status of deliberations at the Board of Directors meetings, etc.
- 3) The Committee monitored and inspected whether the independent auditors maintained their independence and appropriateness in their implementation of audits, received reports from accounting auditors concerning their execution of duties and requested explanations when necessary. Furthermore, we received the notice stating to the effect that the “System to Ensure Appropriate Execution of

Duties” (various provisions stated in Article 131 of the Regulation on Corporate Accounting) is prepared in accordance with the “Quality Control Standards Concerning Audits” (Business Accounting Deliberation Council, October 28, 2005) and requested explanations when necessary.

In accordance with the approach explained above, we reviewed the business reports and supplementary schedules thereof, the financial statements (balance sheet, statement of income, statement of changes in shareholders’ equity and notes to the financial statements) and the supplementary schedules thereof, as well as the consolidated financial statements (consolidated statements of financial position, consolidated statements of profit or loss, consolidated statements of changes in equity and notes to the consolidated financial statements) for the fiscal year under review.

2. Results of the Audit

(1) Audit Results for the Business Report, etc.

- 1) We are of the opinion that the content of business reports and supplementary schedules comply with laws and regulations and the Articles of Incorporation and fairly reflect the state of the Company.
- 2) We determined no improper acts or material breaches of laws and regulations or the Articles of Incorporation in the execution of duties by Directors.
- 3) We are of the opinion that the content of the Board of Directors resolutions pertaining to the Internal Control System is appropriate. In addition, we did not identify anything that requires comment with regard to execution of duties by Directors concerning said Internal Control System.
- 4) We are of the opinion that the Company’s basic policy regarding persons who control decision making on the Company’s financial and business policies, as described in the Business Report, is appropriate.

(2) Audit Results for the Financial Statements and Supplementary Schedules

We are of the opinion that the audit methods and results of Grant Thornton Taiyo LLC are appropriate.

(3) Audit Results for the Consolidated Financial Statements

We are of the opinion that the audit methods and results of Grant Thornton Taiyo LLC are appropriate.
