

CAREERS IN INDUSTRIAL MAINTENANCE

Do you enjoy working with your hands? Do you like to tinker with machines and figure out how they work? Are you detail-oriented? Are you searching for a career with great benefits and opportunities for advancement? A career in Industrial Maintenance at THK might just be the perfect job for you!

There is a demand for Industrial Maintenance Technicians at every level of the industry. Technicians not only repair and maintain equipment; they also troubleshoot, install, and dismantle it. Expand your knowledge of:

- CNC
- Robotics
- Electronics
- Bearings
- And Hydraulics

All while being paid for it! Experience the satisfaction of seeing the machine you repaired roar to life when you hit that switch!

THK's creative ideas and unique technology made the company worldwide pioneers in the development of the Linear Motion (LM) Guide mechanism. Our continued growth and expansion have opened up new opportunities in our Hebron, Ohio facility. THK offers a safe, professional work environment with competitive compensation and benefits. Develop your skills outside of the classroom, with hand-on experience. Applicants must demonstrate an initiative to learn and a love for tinkering. Those with technical degrees or those pursuing post-secondary education are encouraged to apply!

Interested in becoming an Industrial Maintenance Technician? E-mail your resume or questions to Chopper@tma.thk.com or fax resume to (740) 928-2344
