

## Product line-up

1

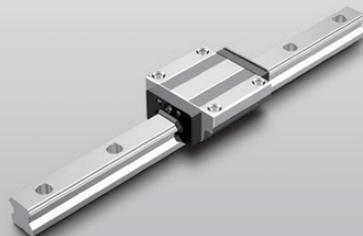

### Global Standard Size Model SHS

Each row of Balls placed at a contact angle of 45°, allows usage in all orientations. Caged Ball technology enables longer service life and noise reduction.

2

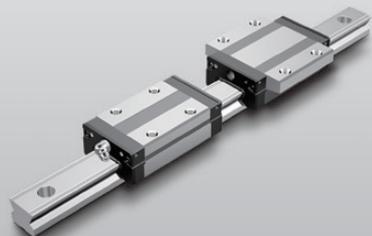

### Global Standard Size Model HSR

Each row of Balls placed at a contact angle of 45°, allows usage in all orientations. Low sectional height of LM block allows for high accuracy and stable straight motion.

3

### Radial Type Model SSR

Radial Type design placed the Balls at 90° contact angle, best fit for horizontal applications. Caged Ball technology enables longer service life and noise reduction.

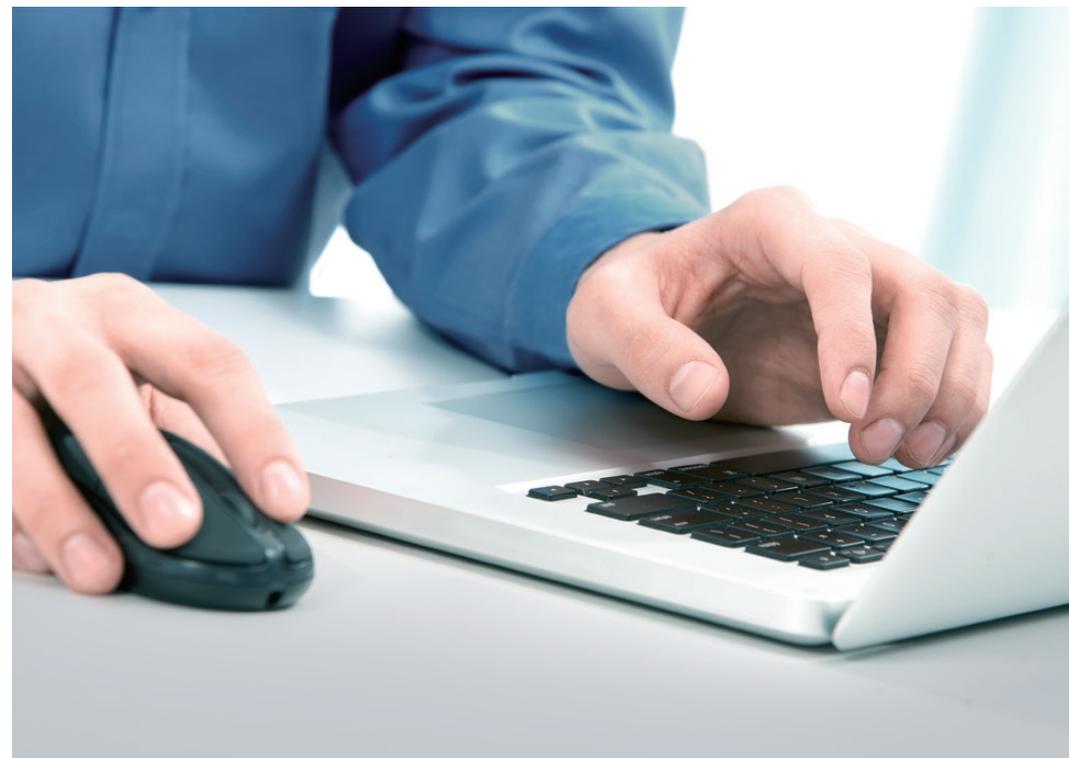

4

### Miniature Type Model SRS

Low sectional height of LM block achieves lighter weight and compactness. Caged Ball technology enables longer service life and noise reduction.

## Easy selection, easy purchasing – anytime, anywhere!

Omni THK enables you to find the best products to fit your application needs.

# The new THK experience

<https://ec.thk.com>

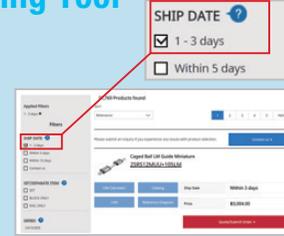

## Stock Searching Tool

**KEY POINT**

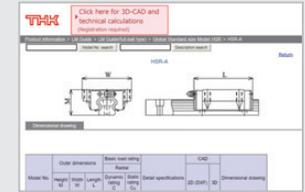

Enter a keyword or category to instantly display relevant products.

Select **"QUICK DELIVERY ITEMS"** to narrow down the search results to readily available products.

## Download catalogs

A individual catalog (brochure) and manuals are available to download and check the details at once.

## Your List

**KEY POINT**

Lists your custom product search results. Use Your List to save and view your order and search history.

\*Registration through distributor is required to use Your List. Contact your distributor to sign up.

Experience a new purchasing style  
with **Omni THK**  
Easy selection, easy purchasing – anytime, anywhere!

## Find the best selection products

**KEY POINT**

Fill in the required fields to display a list of supported products, which can then be purchased.

## Submit order

One click, then you can place an order through our website.

Moreover, our website may be compatible with your purchasing system.

## Download CAD drawings

Select rail-to-rail distance, grease nipples, optional covers and other specifications to instantly download the CAD drawing from the same screen.

## Request a quotation

Quotations are available from the website. Procurement of parts is available day & night including holidays.

## Delivery dates & Prices for similar products

Compare the delivery dates and prices from various products before making a selection.

## Lifetime Calculation

Select the usage conditions to display a list of supported models and calculate each life expectancies. Change the usage conditions to select suitable / equivalent product.
